Minus her French maid and her Belgian chauffeur, but glad to be bome, was Miss Geraldine Farrar, who had been in Munich practicall ever since the war began. She denied the story that she had served as a nurse in an army hospital.

when the war began, she said, she save up her aut and sent her maid and chaufteur to America in a hurry. They are now in New York. Miss Farrar said she had had no unpleasant war experiences except with baggage, as it was difficult to carry many trunks in Europe.

Enrico Caruso, with a broad smile and a couple of valeta, was a leading figure aboard the ship. He had made caricatures of dozens of persons on the voyage to-day.

BRISTOL, VL., Nov. 2.—Twalve persons have died from drinking wood alcohol whiskey last Saturday. All the victims, it is charged by the authorities, purchased the liquor at the drug store of D. A. Blabos, who was arrested yesterday after three men had died. Feeling in the town ran high to-day and several demonstrations were made. The sheriff removed Blabos to the county jail at Middlebury.
Thirty other men, who are said to have purchased liquor at Blabos's store on flaturday, were watched by physicians to-day. Several were reported dangerously ill. 'Morse's Nephew" Fails to Break Woman's Grip and

When you are ill a physician's first step is to give a laxative, no matter what the trouble may be, because no medicine will take proper effect while waste is in the Lower Intestine.

If there were no waste there, you probably would not have been ill at all, because physicians agree that 95% of all human ills is due to the accumulation of waste matter in the Lower Intestine.

Enlightened physicians are now recommending Internal Baths by means of the "J. B. L. Cascade," and hundreds of thousands are already using it to keep their Intestine free from waste always and with correspondingly better health, strength and efficiency.

E. W. Southall, M. D., Genesee, N.Y., writes:

writes:

"I challenged the doctors in this town ast week in regard to what I can do with your 'J. B. L. Cascade': that if they will call me as soon as they have decided they have a case of Appendicitis, if I do not cure the case I will give them \$500, so sure am I of the benefit of a thorough cleaning of the Lower Bewels."

Ast about it at Riker and Hegeman Drug Stores in New York and Brooklyn, who will give you an enlightening booklet, "Why Man of To-day Is Only 50% Efficient." It will be most interesting of you.—Advt.
